

For the Month of February:

*Listing of local theatre productions and auditions does not in any way constitute an endorsement of the theatre or its productions. We do not review or monitor each show so we encourage parents to go to the theatre's own websites to decide for yourself on a play by play basis if the show is appropriate for your student to see or audition for. While we hope to be providing you with up-to-date information, you should go to the website links provided in each listing to get the most recent dates/times/prices for show and audition listings.
